

Vote By Mail (VBM)

In Florida “Vote by Mail,” and “Absentee Ballot” mean exactly the same thing.

In BOTH cases, voters request that an election ballot be mailed to them.

Why Voters should VOTE by MAIL

- ✓ VBM allows you to VOTE anytime with minimal effort.
- ✓ VBM means you won't be affected by the cut in early voting from 14 to 8 days.
- ✓ VBM makes voting easier for college students.
- ✓ VBM means you won't be given provisional ballots, ballots which are usually counted the day AFTER an election.
- ✓ VBM insures that no last minute emergency can keep you from voting.
- ✓ VBM will free you from annoying robocalls in the time leading up to an election.
- ✓ VBM gets your name off the list of people needing contacted by campaigns, freeing up volunteer time to focus on those who need to be reminded to vote.
- ✓ VBM allows you to vote in your pajamas.
- ✓ VBM assures that your vote WILL be counted. You can track that your request has been received, and after you've voted, that your ballot has been received. Go to www.srgelections.com and select Vote by Mail.

Make Sure Your Vote Counts – Register to Vote by Mail.
